PROFILE

An organized, dependable, and highly motivated final-year BSc Information Technology student at North-West University, equipped with hands-on experience in Java, Data Analytics, and Web Development. Proven leadership and communication skills developed through academic tutoring roles, where I provided one-on-one support and guided students through complex technical concepts. Successful at managing multiple priorities with a positive attitude, I possess advantageous skills that enable me to complete tasks effectively, even in challenging situations. I am self-motivated, committed to continuous growth, and thrive as a collaborative team member, passionate about building functional and scalable digital solutions, applying emerging technologies, and continuously improving systems.
